## Course Goals / Description:

This course is designed to develop students' English proficiency in listening and speaking. Students who are planning to study at an English-speaking country are encouraged to register the course. The TOEFL iBT and the IELTS will be introduced in class. However, this course is not an exam preparation course rather it is a course to develop your ability to use and understand English at the university level. Especially, how well you combine your listening, reading, speaking and writing skills to perform academic tasks will be evaluated.

## Core capability to be cultivated by this course

1. The ability to communicate and express oneself in English.
2. The ability to think critically and organize ideas logically in English.
3. Having the knowledge of English learning strategies and techniques.
4. Having the global views of English and multicultural diversity.
5. The ability to use existing English learning resources and to develop an independent self-learning habit.
