Course Aims / Description

1. Primary aim

Keeping up with the news, amid various English learning resources, is one of the most efficacious ways to help students get a better understanding of the world and learn to express personal opinions on key issues. Unfortunately, having been studying English for more than ten years, many college students in Taiwan still have difficulty comprehending English news reports. Therefore, this course aims to equip students with effective listening strategies, develop their vocabulary and related background and cultural information in order to comprehend news broadcasts from a variety of sources, such as CNN, BBC, PBS, and ICRT etc. When successfully completing the course, students will be able to:

- i. listen for stressed words and get the gist of a news broadcast
- ii. identify important detail information (i.e. the 5ws and 1 h info) of a news report
- iii. extend and consolidate their vocabulary and listening ability in different fields
- iv. distinguish speakers' stances and the supports for their arguments in a commentary program
- v. appreciate the satires, humor and metaphors used in news reports
- vi. be more familiar with the historical or cultural background information of current affairs
- vii. develop critical thinking ability, discuss with others and express their own opinions on current issues

2. Subsidiary aim

Students will develop habits of listening to or watch news broadcasts on a regular basis.

3. Corresponding CEFR Can-do statements

- Can-do statement #1 can understand most radio documentaries delivered in standard language and can identify the speaker's mood, tone etc.
- Can-do statement #2 can use a variety of strategies to achieve comprehension, including listening for main points; checking comprehension by using contextual clues.
- Can-do statement #3 can understand recordings in standard dialect likely to be encountered in social, professional or academic life and identify speaker viewpoints and attitudes as well as the information content.
- Can-do statement #4 can use the language fluently, accurately and effectively on a wide range of general, academic, vocational or leisure topics, marking clearly the relationships between ideas.
- Can-do statement #5 can generally correct slips and errors if I become aware of them or if they have led to misunderstandings.
- Can-do statement #6 have sufficient vocabulary to express myself on matters connected to my field and on most general topics.

Grading Scheme (建議至少包含 4 項評量項目，其中包含出席與期末評量)

1. Attendance and Participation	15%
2. Quizzes	20%
3. Final Exam	20%
4. News Broadcast Learning Log	25%
5. Project—Recording a News Broadcast	20%

Attendance and Participation

Students are expected to attend each class punctually and actively participate in pair, group and class discussions. When not being able to come to class, students have to inform the teacher in advance and provide valid proof **within two weeks**. Students' attendance, punctuality, and class participation will be recorded for evaluation.

Attendance Policy

- starting point: 9 (起始點: 9 分)
- lateness: -2 (遲到: 2 分)
- absence: -5 (缺席: 5 分)

The starting point is 9. Each late arrival will cost you 2 points, and absence, 5 points. The accumulation does not stop at 0 or 15 points but has an upper limit when the score reaches 20. In other words, a negative attendance score will be carried over to influence your semester grade, but a strong positive attendance score will give you 5 extra points to your semester grade.

(出席成績從 9 分開始計算：每次遲到扣 2 分，缺席扣 5 分。分數累積上限是 20 分，沒有下限。換言之，出席成績是負分時，會併入學期成績計算：若達 20 分，則學期成績有 5 分的額外加分。)

All these seemingly complicated and trivial attendance and class participation score calculations are to encourage you to speak more English and participate more in class. The more you are involved in each class, the more harvest you'll reap from this course.

News Broadcast Learning Log

Starting from week 3, students need to listen to or watch English news broadcasts 3-5 minutes a day, at least once a week, and keep a news broadcast learning log, which should include the date, time duration, news link, summary of the news broadcast, at least 3 words or phrases learned, and personal response to the news.

Project—Recording a News Broadcast

In week 10, students will have to sign up for news broadcasts emailed by the teacher and begin to write down the transcript, practice reporting the news, videotape their reports and post the video on **eeClass** **by week 16**. Their news report videos will be evaluated in terms of the accuracy of the transcript, pronunciation, articulation, fluency and competence, etc. A more detailed rubric will be announced later.

Final Exam

Scheduled in week 17, the final exam will test students on the vocabulary learned in class as well as news broadcasts with similar topics discussed in class or the most up-to-date news topics happening during the semester.
