➤ Course Description

The aim of this course is to develop students' habits and ability of spatial maintenance and public affairs attendance. Students in this course are expected to collaborate with their peers to clean the designated spaces (i.e., classrooms) on a weekly basis, and produce two reflective reports on two films.

➤ Requirement and evaluation

Your final grade will be determined by the following things:

1. Attendance and participation 50%

Your attendance and participation will be periodically checked by the TA. Your grades will suffer if you a) arrive at the classroom late, b) leave the classroom early, c) do not join the course actively, and d) use your technological devices all the time.

2. Reflective reports 50% (25% for each)

You are expected to write two reflective reports during this semester. These two reports will be counted as your midterm and final exam grades. Any late submission will not be accepted and there will be no make-up submission option unless you have an unpreventable reason with legitimate documentation. Besides, all of your reflective reports should be written by yourselves. **Any plagiarism and AI-produced articles will get zero.**

➤ Timetable

CXXX stands for the classroom, (X) stands for the required number of

students, and FX stands for the cleaning time.
